Subject: Expired barber instructor licenses
Attachments: Instructor query.xlsx

Dear schools,

Attached is a list of individuals whose barber instructor licenses have expired. Please look at the list and make sure none of your staff members or contract instructors are on this list. If you have an instructor on staff who is on this list, they did NOT renew on time and need to make immediate arrangements to have their license reinstated. I've included some licenses that are long expired to make sure that you aren't employing any of those individuals, either.

Please contact the board office to confirm that the individual isn't licensed. Please note that you must have licensed barber instructors on staff according to the student-instructor ratio in N.C. Gen. Stat. 86A-22. The same statute specifies that you must have two licensed instructors present if you offer classroom and practical training simultaneously. Those statutory requirements would not be met by individuals with expired licenses.
